Mentoring Responsibilities

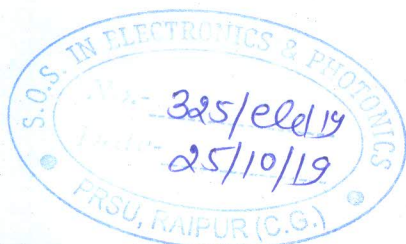

The primary objectives of Student Mentor Programme (SMP) are enabling constructive interaction, guidance and mentorship of junior students by senior students in addition to interaction between the teachers and students. Providing, a reliable and comprehensive support system, to motivate students to excel in both academic and non-academic fields and to make the most of their life at the department.

Mentoring programme is conducted to help the students to strengthen their varied capabilities and to build an interpersonal relationship between the teachers and students. The interactions between them help the mentors to have a comprehensive record of their activities, academic co-curricular achievements and problems. All mentors keep a confidential data sheet about their students, "mentors assessment of students" which records a report of mentoring done by the teachers. The Student Mentor Programme is divided between two groups:

Group I: Dr. Sanjay Tiwari, Mr. Yogesh Dongre, Ms. Rupa Patel and Neha Dewangon have been given mentoring responsibilities of the following students-
