## WORLD PHARMACIST DAY 2025

World Pharmacist Day was celebrated with great enthusiasm on 25th September at UIOP, PRSU, Raipur to highlight the vital role of pharmacists in improving community health, under the theme of “Think Health, Think Pharmacist”. The event was organized with a series of activities aimed at promoting awareness, service, and creativity among students and the public. The celebration began with lamp lightning followed by Vice Chancellor’s inaugural speech and thereafter inauguration of a blood donation camp with collaboration of “**Better Bharat**”, Raipur. Where students, faculty, and volunteers actively participated to contribute to this noble cause. The camp received an overwhelming response and highlighted the spirit of social responsibility within the pharmacy fraternity. Alongside this, a free health checkup camp was organized for the local community, offering basic health screenings such as mental health assessment, dental check-up and eye check-up etc. This initiative reinforced the theme of pharmacists being healthcare providers at the grassroots level. To add a cultural and creative dimension, a Rangoli competition was held, where participants showcased vibrant designs based on healthcare and pharmacy themes. The beautiful artworks reflected both creativity and awareness. A poster competition was also conducted, focusing on the importance of pharmacists in society. Students expressed their ideas through impactful visuals and slogans, making the message of the day more engaging. The event concluded with the recognition of winners and the acknowledgment of participants’ efforts. Overall, the celebration not only encouraged service to society but also emphasized the significance of pharmacists as accessible healthcare professionals.
