The curriculum in each of the years of the programme is a combination of general education and skill development components:

#### 5.1 General Education Component:

5.11 The general education component adheres to the normal university standards. It emphasizes and offers courses which provide holistic development. However, it does not exceed 40% of the total curriculum;

5.12 Adequate emphasis is given to language and communication skills.

## 5.2 Skill Development:

- 5.2.1 The focus of skill development components is to equip students with appropriate knowledge, practice and attitude, so as to become work ready. The skill development components are relevant to the industries as per their requirements;
- 5.2.2 The curriculum should necessarily embed within itself, National Occupational Standards (NOSs) of specific job roles within the industry sector (s). This would enable the students to meet the learning outcomes specified in the NOSs;
- 5.2.3 The overall design of the skill development component along with the job roles selected should be such that it leads to a comprehensive specialization in the proposed domain;
- 5.2.4 In case NOS is not available for a specific area/job role, the University will get the curriculum development for this in consultation with industry experts;
- 5.2.5 The curriculum should focus on work-readiness skills in each of the three years;
- 5.2.6 Adequate attention needs to be given in curriculum design to practical work, on the job training, development of student portfolios and project work.

## 6. CREDIT CALCULATIONS

6.1 The following formulae will be used for conversion of time into credit hours;

- One credit is equivalent to one hour of teaching (lecture or tutorial) or two hours of practical work/field work per week per week. Accordingly One Credit would mean equivalent of 14-15 periods of 60 minutes each or 28 – 30 hrs of workshops/labs.
- For internship/Training/field-work, the credit weightage of equivalent hours will be 50% of that for lectures/workshop.
- For self-learning, based of e-content or otherwise, the credit weightage for equivalent hours of study will be 50% or less of that for lectures/workshop.

6.2 The credits awarded for each of the years are as follow:

NSQF LEVEL	SKILL COMPONENT CREDITS	GENERAL EDUCATION CREDITS	TOTAL CREDITS	NORMAL DURATION	EXIT POINT
5	36	24	60	Two Semester	Diploma
6	72	48	120	Four Semester	Advanced Diploma
7	108	72	180	Six Semester	B.Voc. Degree

6.3 For any B. Voc. Course proposed by the university/college, the curriculum will be developed in consultation with respective industry. The industry representatives should be an integral part of the academic bodies of the university/college. While doing so, they should work towards aligning the skills components of the curriculum with the NOSs developed by the respective Sector Skill Councils.

6.4 The practical/hands-on portion of the skills development components of the curriculum should be transacted normally in face to face mode, wither within the institution or at the location of a specified industry partner. The emphasis should be on learning outcome and not the input and processes. The general education component of the curriculum may be transacted in any mode without compromising on quality.

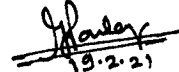

## 7. EXAMINATION AND ASSESSMENT

The University will conduct examination at the end of each semester and for details relevant Regulation for B.Voc. programme may be referred.

8. The B. Voc. Programme will be regulated by the University through Regulations by incorporating the provisions of UGC for Bachelor of Vocation (B.Voc.) Programme in Universities and Colleges under the National Skills Qualifications Framework (NSQF) from time to time.

9. Notwithstanding the integrated nature of a course spread over more than one academic year, the Ordinances in force at the time a student joins a course shall hold good only for the examination held during or at the end of the academic year. Nothing in these Ordinances shall be deemed to debar the University from amending the ordinances subsequently and the amended ordinances, if any, shall apply to all the students whether old or new.
