Place : Raipur Date : 01/02/2020 (Dr.Bhagwant Singh)

Prof. Bimal Chandra Mal Vice - Chancellor प्रो. विमल चन्द्र माल (कुलपति)

Dated: October 07, 2011

To Whom It May Concern:

This is to certify that Dr. Bhagwant Singh worked as the Registrar of this University from June 2, 2009 to June 24, 2011. He was finally relieved from the University on June 30, 2011. During the period of his tenure a lot of changes in the University system could be made. To provide transparency to the examination system, examination centres for the students of different colleges were shifted to other colleges. Arrangement was made for safe custody of the question papers in police stations and then delivery of the papers to the colleges one hour before the examination. This helped to avoid the malpractices in examination. Mixing of the collected answer scripts from different colleges and their evaluation are being carried out in rooms fitted with CC camera. For declaration of results without faults, OMR, OCR and ICR system of publication of result was adopted. Colleges were instructed to recruit Principals and teachers by 15th June, 2010. As a result, about 1500 faculty members of different affiliated colleges were regularized through interviews.

To train the teachers, experts were invited from outside, Principals and senior teachers of colleges were trained on teaching methodology. In turn, they have been training the junior faculty members. Workshop was also organized on the methodology of question paper setting and evaluation of answer scripts. Process for modification of the syllabus was started. Steps were taken for sanction and recruitment of teaching and non-teaching posts. Steps were also initiated for construction of the new campus of the university.

The university has been carrying out academic inspection of the colleges. In this process, the laboratories, library and other infrastructure are visited, separate interactions are made with the students and the teachers and finally feedback is provided to the Management for improvement. The first convocation of the University could be organized in a befitting manner due to the perseverance of Prof. Bhagwant Singh. As a whole he contributed immensely for the development of the university in a short period of two years.

I wish him all the best in his future endeavour.
