5. Any other matter with the permission of the chair.

Minutes:

1. Session started with a gracious greeting and welcome to all the members and guests present in the meeting by the faculty member of ICC, Dr. Govind Prasad Sahu. Dr. Laxmi Kant introduced all the external members in the meeting.
2. President of the Institute Innovation Council, Pt. Ravishankar Shukla University (IIC PRSU) Prof. Kavita Thakur gave a presentation to highlight the council’s core aspects. She emphasized the importance of well-defined roles for both internal and external members to ensure effective collaboration and diverse insights. The significance of external members in bringing real-world industry perspectives was stressed. The presentation also reviewed previous activities of the third and fourth quarter including workshops, collaborative projects, and industry interactions. Additionally, she mentioned the IIC’s wide-reaching scope across university departments and affiliated colleges, along with the introduction of the mentor-mentee scheme aimed at fostering student leadership and innovation.
3. The Vice Chancellor, Prof. Sachhidanand Shukla emphasized the central goal of the IIC PRSU to foster a culture of innovation among students, extending beyond the confines of science to embrace diverse fields. He assured that an annual activity calendar will be followed, and plans are underway to design programs that leverage expertise from different domains.
4. Dr. Deependra Singh (Coordinator, IIC PRSU) invited and interacted with the external members.
5. Prof. Hulas Pathak expressed his perspective, noting that the council’s activities contribute to continuous learning and expand participant’s portfolios. He emphasized the potential for harnessing entrepreneurship and discussed the concept of an interface to facilitate the transformation of technologies, leading to early benefits. He suggested the establishment of a dedicated council program for both students and faculty members. Additionally, he highlighted the need for stronger industry-academia linkages to enhance the council’s effectiveness in promoting innovation and entrepreneurship.
6. Mr. Rahul Mishra emphasized bridging the gap between theoretical knowledge and practical exposure by engaging industry experts. He advocated for a hands-on approach and freedom to explore ideas, particularly in fields like C-technology, agribusiness, sports engineering, and medicine. He highlighted the significance of programs addressing niche areas and offered support for creating business plans and presentations to venture capitalists. Mr. Mishra stressed

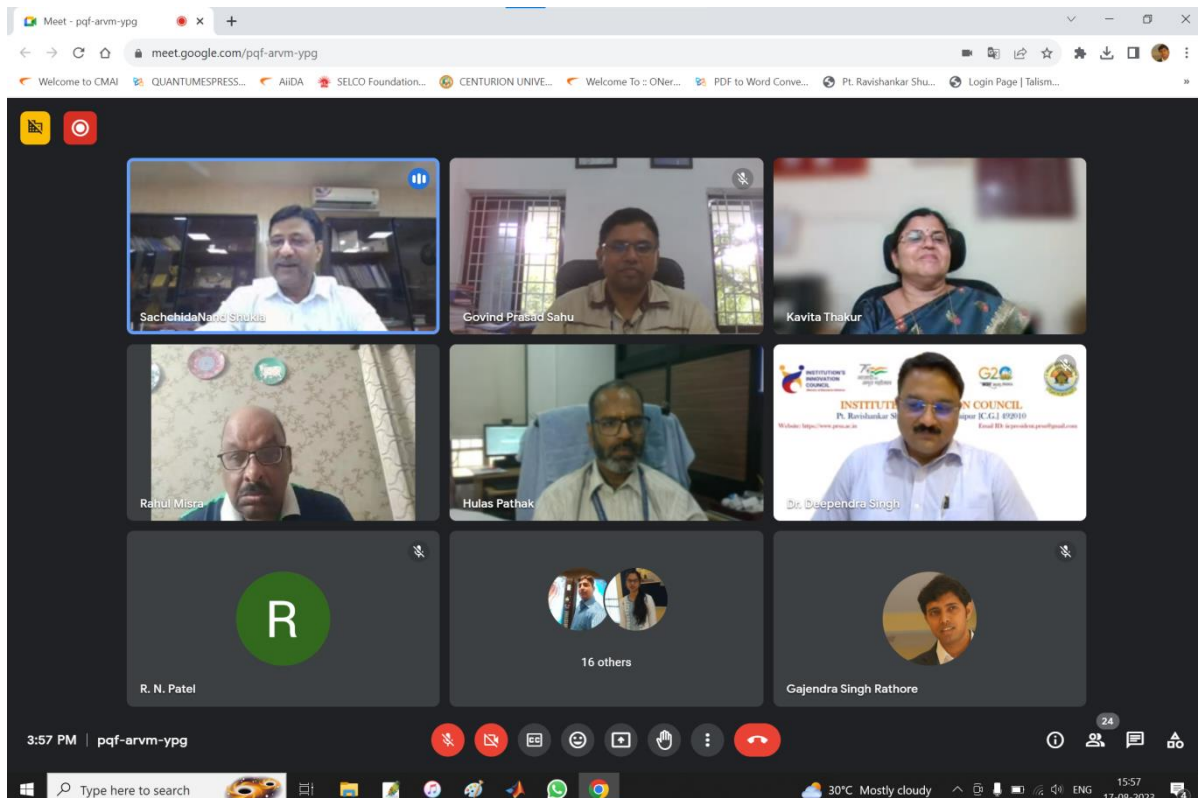

the importance of achieving a balance between academic learning and industry requirements. He introduced the concept of a brain factory. He pledged his support for bright ideas and niche programs, aiming to enhance students' employability through skill-based education.

7. Prof. R.N Patel urged the core team to view training-related YouTube videos available in the IIC Portal of past training sessions. He emphasized the significance of NIRF and ARIIA rankings, underlining activity-based weightage and timely reporting of activities done in IIC. He offered assistance in understanding parameters and expressed the ultimate goals of successful startups. He shared the thought of turning Chhattisgarh into a dynamic startup hub.
8. Ms. Ritu Jain emphasized the process of transforming concepts into viable business proposals. She highlighted the Importance of pitching ideas before venture capitalists. Ms. Jain also mentioned the expansive potential for entrepreneurship in solar cell technology and the facilitation of capital acquisition.
9. Dr. Ambar Vyas acknowledged the presence of numerous ideas and expressed sincere appreciation to all the attendees, assuring that every idea had been duly recorded.
10. Prof. Kavita Thakur concluded by emphasizing the commitment to enhance the IIC's impact and effectiveness.
