FERNANDO QUEVEDO
Director

4 April 2012

Dear Dr. Tiwari,

Welcome to the community of the Associate Members of the Abdus Salam International Centre for Theoretical Physics! I am happy to inform you that you have been appointed a

***Senior Associate of the Centre
from 1 January 2012 until 31 December 2017.***

This award is, however, subject to the availability of funds each year. Please refer to the Annex to this letter for details.

Senior Associates have at their disposal the sum of Euro 8,000 (this amount may be modestly increased in the near future) to be spent over the above six-year period. These funds can be made available in the form of a daily allowance (which we expect to substantially increase over the next three years) and/or travel expenses in connection with Associate visits. We hope, however, that your travel expenses can be covered by other sources. You may, of course, visit at a time of your own choosing, though it may be more useful to plan these visits when scientific activities in your area of research are being held. The duration of each visit should not exceed 70 days.

In the spirit of making your Associateship appointment as profitable and flexible as possible, you may request your Associateship funds to cover external visits to Institutes which have a Partnership Agreement with the Centre. Requests for these visits must be made through the Associate Scheme Office. The concurrence of both the Associate Scheme Office and the Partner Institute is essential before such visits can be made. Rules governing external visits to Partner Institutes are also given in the Annex.

The enclosed Form A should be sent to the Associate Scheme Office by 30 November of the year preceding the proposed visit. The same procedure applies to requests for visits to Partner Institutes. All requests will be considered taking into account the financial availability at the time.

Dr. Sanjay Tiwari
School of Studies in Electronic Science
Pt Ravishankar Shukla University
Raipur - 492010
India

Furthermore, in order to keep your award active, it is essential that you contact the Associates Office, with a visit plan, within the first three years of your appointment. Failure to meet this requirement will result in the termination of your award.

Finally, I would like to mention that since its inception in 1964 the ICTP has gained a world-wide reputation as a Centre of excellence and as an instrument for the promotion of physics in developing countries. With the maturity of the Centre, we now feel that the time has come to emphasize and expand its role, to the largest possible extent, by building up communities of scientists in developing countries. We rely on you, as an Associate, to strengthen the results already achieved and to promote initiatives in the developing countries, including your own. We look forward to having your personal involvement in the execution of our common mission.

With my best personal regards,

Yours sincerely,
