

INSTITUTE OF RENEWABLE ENERGY TECHNOLOGY & MANAGEMENT

Pt. RAVISHANKAR SHUKLA UNIVERSITY, RAIPUR (C.G.)

ADMISSION OPEN SESSION 2024-25

* Courses Offered

- ◆ M.Sc. Renewable Energy
- ◆ B.Voc RETM

* Eligibility

- ◆ **M.Sc. :** II Division B.Sc. with (Maths , Physics, Chemistry / Electronics / Computer Science / IT / Defense Studies / Geography) OR B.Voc. in Renewable Energy Technology /Renewable Energy Technology & Management from a recognized Institute.
- ◆ **B.Voc.:** 10+2 from a recognized board with at least 55% marks (5% relaxation for ST/SC/OBC Candidates).

* LEVEL OF AWARDS (B.Voc)

- ◆ **6 Months/1 Semester :** Certificate
- ◆ **1 Year/2 Semesters :** Diploma
- ◆ **2 Years/4 Semesters :** Advanced Diploma
- ◆ **3 Years/6 Semesters :** B.Voc. Degree

* Salient Features & Facilities

- ◆ World Bank funded Roof top Solar PV Training Centre.
- ◆ State of art Renewable Energy Based Lab Facility, Well Equipped Computer Lab.
- ◆ 06 Months Live Projects for Final Semester Students.
- ◆ Regular Field Trainings & Industrial Visits,
- ◆ Lectures of Industry-Academia Experts.
- ◆ Collaboration with 05+ Government Organization
- ◆ Industry Oriented Curriculum

AICTE & UGC APPROVED B.Voc. PROGRAMME

B. Voc. RETM

Institute of Renewable Energy Technology & Management, Pt. Ravishankar Shukla University is running Bachelor of Vocation (B.Voc.) programme in Renewable Energy Technology & Management affiliated to **UGC, AICTE & Sector Skill Council**. Course possess flexible entry & exits under the National Skill Qualification Framework (NSQF). Institute of RETM is one of the only few institutions of higher education in the country which offers graduate course in Renewable Energy Technology approved by the All India Council for Technical Education and the University Grants Commission. B.Voc. in Renewable Energy is a structured programme to cover emerging field of solar, wind, biomass, geothermal and other renewable energy sources. Institute has joined the selected band of institutions of higher education in the country by adding one of the emerging skill-based undergraduate engineering and technology courses, Diploma in Renewable Energy approved by AICTE and Postgraduate Diploma in Renewable Energy Technology & Management by UGC.

M.Sc. Renewable Energy Technology

The Master of Science in Renewable Energy program is a comprehensive two-year, four-semester course specifically designed to equip students with a profound understanding of renewable energy concepts, technologies, and their applications, from fundamental principles to the cutting-edge innovations utilized in the field today. Throughout the program, students undergo extensive laboratory training, immersing themselves in course content and aligning with the current needs of industries and research and development (R&D) sectors. With a focus on practical learning, the final semester of the program necessitates every student to engage in a significant project. This emphasis on hands-on experience aims to nurture strong laboratory skills, fostering the ability to undertake independent projects and fostering an entrepreneurial mind-set among students.
