

ABOUT THE INSTITUTE

The Institute of Management at Pt. Ravishankar Shukla University, Raipur, was established in 1993 with due recognition from the UGC and AICTE. Its objective is to provide professional education, training, and research in the field of management. Initially, the AICTE sanctioned an intake of 40 seats for the postgraduate degree in Business Management. However, due to the increasing demand in the region, the intake was later increased to 60 seats (2001-2002).

The institute offers specialization in four core functional areas: Marketing, Finance, Human Resource Management, and Systems Management. It has its own dedicated building and well-developed infrastructural facilities to support student learning and development.

To date, approximately thirty-two batches have graduated from the institute, and a majority of the alumni are employed in reputed public and private sector organizations such as Hindustan Unilever Ltd., Nestle India Ltd., Infosys Systems Pvt. Ltd., HDFC Bank, GAIL, and Tata Motors Ltd., and many others. So far, thirty-seven research scholars have been awarded Ph.D. degrees in Management, many of whom hold prominent positions in academia and administrative sectors.

The institute is supported by a team of dedicated full-time faculty members. In addition, senior government officials, industry professionals, and faculty from renowned academic institutions are invited regularly to share their knowledge and experience with the students.

INSTITUTE OF MANAGEMENT
Pt. Ravishankar Shukla University
Raipur (CG) - 492010

VISION

To be one of the top business schools in the country, providing cost-effective, quality education to aspiring youths and training, research, and consultancy services to organisations facing the challenges of global competition.

OBJECTIVES

1. To prepare young budding managers for the twenty-first century with a realistic attitude, who can compete with the products of any business school anywhere in the world.
2. To create entrepreneurial awareness, develop managerial talent, and foster entrepreneurial ability not only amongst students of this institute but also among the student community of the region through various academic activities, programs, and extension services.
3. To provide short-term exposure and expertise to practicing managers both in the service and industrial sectors through short-term Management Development Programs (MDPs), EDPs, Workshops, Seminars, Conferences, etc., from time to time to acquaint them with newly developed knowledge and skills.
4. To bridge the gap that exists between the "World of Work" and "World of Knowledge", through constant and continuous field visits and participation and interaction with practicing managers of the industrial organisation/business houses in the region and the county as well.
5. To provide consultancy services to the needy and sick industrial/business units of the region on various managerial problems that hinder their efficiency and effectiveness.
