

Report of The Rasayan Adhyan Shala Alumni Meet-2025

(April 20, 2025)

School of Studies in Chemistry Pt. Ravishankar Shukla University, Raipur

The Rasayan Adhyan Shala Alumni Association, in collaboration with the Alumni Association of Pt. Ravishankar Shukla University, Raipur, successfully organized Alumni Meet on April 20, 2025, at Sir C. V. Raman Hall, School of Studies in Chemistry. Around 60 alumni from the post-graduate batches of 1980 to 2023 registered for the event. It was a day filled with excitement, emotions, and nostalgia as alumni—both recent and former—gathered to relive their university memories and reconnect with old classmates and teachers.

The registration process was smooth and attendees received a warm welcome from the current students. The event commenced with the lighting of a lamp to invoke the blessings of Goddess Saraswati. Prof. Sachchidanand Shukla, Vice Chancellor of Pt. Ravishankar Shukla University, served as the Chief Guest. Guests of honor included Prof. Rakesh Agarwal, President of the PRSU Alumni Association, Dr. Suparna Sengupta, General Secretary of the PRSU Alumni Association, and Mr. Arvind Tiwari, the senior-most alumnus.

Prof. Kallol K. Ghosh, Head of the School of Studies in Chemistry, warmly welcomed everyone and informed the alumni about the departmental progress, state-of-the-art research facilities, DST Purse Lab and proactive measures for the holistic development of students. Prof. Ghosh also highlighted various milestones achieved over the past year. Dr. Rakesh Agarwal shared his memories and emphasized the importance of alumni gatherings. Dr. Sengupta welcomed attendees and outlined the strategies of the umbrella association and fund-raising policies.

Chief Guest Prof. S.N. Shukla praised the efforts of the School of Studies in Chemistry and discussed the UGC Alumni Connect initiative. He expressed his satisfaction with the role of active alumni in career development, internships, and entrepreneurship. A short video showcasing the academic and significant activities of the department was screened under the guidance of Prof. Kamlesh Shrivastava.

Dr. Manmohan Lal Satnami proposed the vote of thanks, expressing gratitude to the alumni for making the meet special and memorable. As a token of appreciation, all alumni received mementos. Dr. Shubhra Sinha nicely conducted the program. The event was both stimulating and enjoyable, fostering discussions that generated new ideas, insights, and information. Most of the participants submitted their feedback.

One of the most emotional moments came when alumni toured their old classrooms and laboratories, reminiscing about their university days. Following the tour, they had the opportunity to reconnect over lunch, sharing their experiences and memories of their time in the department. The joy in their faces as they interacted with classmates and teachers was heartwarming, creating lasting memories with photographs capturing the day.

The event was a wonderful opportunity for alumni to catch up, network, and forge new connections. It infused a blend of nostalgia and camaraderie. The success of the Annual Alumni Meet not only celebrated the department's legacy but also provided a platform for alumni to give back to their university. The day concluded with a commitment to organise next year for yet another successful Alumni Meet.
