THE MONOGRAM OF THE UNIVERSITY

The pinnacle of the famous Rajivlochan temple at Rajim in Raipur district (C.G.) is there in the middle of the monogram of Pt. Ravishankar Shukla University. It symbolizes the glorious cultural heritage of the ancient South Koshal now known as Chhattisgarh.

The rising sun is the symbol of Prajapati knowledge and material knowledge in the Vedantic thought. It stands for the supreme knowledge.

On both sides of the pinnacle wavy lines are drawn that indicate the Ganga of Chhattisgarh, the great river Mahanadi symbolized as the ancient name of the river Chitrotpala.

On the lower part of the crest the saplings of wheat and paddy spread on the left and right sides of the crest in a semicircular way prove the economic source of Chhattisgarh's inhabitants. They reveal the rural nature of the local culture.

All these symbols are surrounded by a big sphere that signifies the earth. The name of the University is written in this circle both in Nagari and Roman scripts, which is moving from the left to right encircles the central circle.

The big circle like the ears of a fan is based on a hemispherical pedestal. Its shape suggests the symbolic expression of the swan, which is used in Indian thought as the knowledge. The motto of the university inscribed in Nagari script is selected from the Agni Sukta of the Rigveda "***Agne Nai Supatha Rae***" which means that "O Fire ! take us to prosperity through good path."

GLIMPSES OF PANDIT RAVISHANKAR SHUKLA UNIVERSITY

Pandit Ravishankar Shukla University (PRSU), Raipur, was established in 1964. It is named after Pt. Ravishankar Shukla, the first Chief Minister of Madhya Pradesh. The university came into being on May 1, 1964 and started functioning from June 1, 1964 with 46 affiliated colleges. Late Mrs. Indira Gandhi, the then Minister of Information & Broadcasting, inaugurated the university teaching department (UTD) in five PG subjects on July 2, 1965.

Chhattisgarh was carved out of Madhya Pradesh on 1st November, 2000 as a new political entity. PRSU, being the oldest university, is leaving no stone unturned to cater to the needs of the society.

The PRSU has grown enormously over the last 53 years in terms of number of students (more than 2.04 lac) and disciplines, viz., humanities, natural science, law, education, pharmacy, management, physical education, library science and computer science etc. in 27 Schools of Studies and 244 affiliated colleges spread over 10 district of the Chhattisgarh State.

VISION & MISSION

VISION

- To make quality higher education accessible to all sections of society, including the tribal population of Chhattisgarh.
- To provide quality education in the disciplines of arts, humanities, social sciences, natural sciences and other disciplines of learning.
- To develop human resource with world class competence and skills in the respective disciplines.

MISSION

- To develop the university as a centre of excellence for higher education and knowledge resource
- To promote understanding the value of self-learning, creativity and competence building;
- By providing world-class education through university-teaching departments and schools.
- By promoting quality research in university schools and affiliated colleges.
- By creating environment conducive to nurture creativity and scientific temper.

NATIONAL CENTER FOR NATURAL RESOURCES (NCNR)

The PRSU houses the National Center for Natural Resources (NCNR) on its campus. The Department of Science and Technology, New Delhi - funded NCNR started functioning with effect from August 2012.

This is a project that connects to the needs and problems of Chhattisgarh. The project has the following major

objectives: (a) to document TKs on health care practices among tribes of Chhattisgarh, (b) to survey tribal population with the purpose to identify autoimmune diseases those are prevalent in the tribal belt of Chhattisgarh, (c) to identify medicinal plants (MPs) and parts thereof those are used for correcting autoimmune diseases and other disorders, (d) to explore potential medicinal applications of the identified plants through pharmacological evaluation and chemistry of bioactive molecules present in the identified MPs, (e) to identify, standardize and validate biomarkers for autoimmune diseases, (f) to assess efficacy of tribal medicines in tribal and non-tribal population with/without exposure to allopathic medicines, (g) to conserve and propagate identified/selected medicinal plant resources of Chhattisgarh, (h) dosage formulations of identified and validated bioactive molecule(s) from identified medicinal plants, (i) scale-up studies and commercialization of formulations consisting of bioactive molecules, and (j) to formulate modalities for IP protection, benefit sharing and patent sharing of the accrued research output. However, these objectives have been revised in the fourth MAC meeting held on October 1, 2015.

About 26 project staff is working to ensure that the proposed objectives of the center are achieved to the fullest satisfaction. In addition, one Coordinator, 15 Co- Coordinators and one project consultant are involved in the project. This is one of the biggest setup on the campus of the PRSU, Raipur.

IQAC

The National Assessment and Accreditation Council (NAAC) – an autonomous body established by the University Grants Commission (UGC), accredited the Pandit Ravishankar Shukla University (PRSU), Raipur, Chhattisgarh, for the cycle third with Grade 'A'. In pursuance of NAAC's action plan for performance evaluation, assessment and accreditation and quality up-gradation of HEIs, the PRSU established an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. The IQAC of the PRSU started functioning with effect from November 27, 2003. Since then the IQAC has been channelizing the goals of the University incessantly. The IQAC has been making all out efforts to ensure the tempo of quality culture among PRSU's various constituents. Since quality enhancement is a continuous process, the IQAC has become a part of the institution's system and has been working towards realisation of the goals of quality enhancement and sustenance. The IQAC has already developed a system and continuously strengthening

and improving its function for bringing in conscious, consistent and catalytic improvement in the overall performance of the PRSU. The IQAC has evolved and developing best practices and benchmarks for various components of the University.
