The School of Studies in Biotechnology and the Alumni Association of Biotechnology, Pt. Ravishankar Shukla University, Raipur (C.G.), in collaboration with the Placement Cell, PRSU, organized a “National Apprenticeship Training Scheme (NATS) Awareness Session” on 6th May 2025. The event was held at the Seminar Hall of the School of Studies in Biotechnology.

The session commenced with a warm welcome by Dr. Afaque Quraishi, who also presented a sapling to the guest speaker, **Mr. Sonu Ukey, Liaison Officer, Board of Apprenticeship Training (Western Region), an autonomous body under the Ministry of Education, Government of India**, as a symbol of respect and environmental consciousness.

Mr. Ukey initiated the session with a brief overview of the National Apprenticeship Training Scheme (NATS), emphasizing its role in enhancing the employability of postgraduate students through hands-on skill development. He elaborated on key features of the scheme, including: provision of stipends for trainees, the concept of learning while earning, government-recognized certificates upon completion, future employment opportunities for eligible and skilled apprentices.

He also provided a detailed walkthrough of the registration process for NATS and clarified the distinctions between NATS and NAPS (National Apprenticeship Promotion Scheme), thereby helping students understand which scheme would best suit their academic and career goals.

The session was followed by an interactive Q&A segment, where students actively engaged with the speaker, asking relevant questions and clearing their doubts regarding the scheme and its implementation.

Dr. Afaque Quraishi presented memento to the speaker as token of gratitude. Dr. Nagendra Kumar Chandrawanshi delivered the vote of thanks, expressing gratitude to the speaker, organizers, and participants for making the event a success.
