PT. RAVISHANKAR SHUKLA UNIVERSITY, RAIPUR

AMINO BUDDIES ACTIVITY CLUB

“CUPS ON TABLE”

Date: 30 August, 2025

The Amino Buddies Activity Club once again brought excitement and energy to the School of Studies in Biotechnology, PRSU Raipur, by hosting the “Cups on Table” activity on 30 August 2025. The event provided students with a platform to enjoy, interact, and engage in a spirit of teamwork through a fun-filled competition.

A total of five groups were formed from the M.Sc. students, each competing with zeal in the preliminary rounds. The atmosphere was lively, with teams giving their best and peers encouraging them with cheers and applause. From each group, one winner was selected, and these five winners advanced to the grand finale.

The final round turned out to be the highlight of the event—thrilling, entertaining, and full of suspense. The audience witnessed some excellent coordination and quick reflexes as the finalists gave their best performance. After an intense finish, a student from the M.Sc. 3rd Semester claimed the ultimate victory.

Beyond the competition, what truly made the day memorable was the bonding and collective enjoyment shared among all participants. The activity emphasized not only the joy of healthy rivalry but also the value of togetherness and mutual encouragement.

The “Cups on Table” event was a delightful success, leaving everyone with smiles, laughter, and lasting memories.
